"In submitting the above report it may seem large to persons not acquainted with the conditions in Utah county, but after a careful consideration and conservative estimate. I do not think the figures exaggerated, but rather that they are low in several instances. Taking reports from all fishermen, I think it is as conservative an estimate as can be given. I will state that, in my opinion, the common fish and the game fish also are greatly on the increase, owing to the water being somewhat higher this year than for several previous years. "About ten years ago what is known as the builhead or mud catfish were placed in Utah lake, and they are greatly increasing and thrive well there. I make the suggestion or recommendation that some channel catfish be procured, of both the yellow and the blue kinds, as they grow large, say from 150 to 250 pounds, and are fleshy and desirable. They are a game fish and thrive on other fish, and I estimate that there are enough carp in Utah lake to feed them and other game fish that could be procured for all time to come. We may as well have good fish to supply the people's needs as carp.

"Will state that the canal companies 'In submitting the above report it may

Will state that the canal companies have placed screens at either head of the Jordan river. These are revolving screens and cost \$2,000, and I think they have preserved in the lake several tons of bass and about forty tens of common fish, as I believe fully that many were killed by the pumps in 1903.

Manager Hester says he has the fastest team in Colorado, and that it will average over 170 pounds to the man, which looks good on paper. Among his back field is one Roy Mack, the champion 100-yard sprinter of Colorado, with 2 mark of 16 1-5 seconds, which is just a little bit better than any of the U. of U. backs can do.

'Jimmy" Wade, Captain of U. of U. Football Team.

Every football fan in the state either knows "Jimmy" else knows he is the captain of the now famous U. of U. football team. It was Wade who led the forces that proved the undoing of the Aggles this year, and also the undoing of every other team the 'Varsity has met, with he single exception of the strong Boulder aggregation. It was Wade who mad those long quarter back runs Saturday that gained so many yards for the east benchers, and it was Wade who selected the plays and led the defense that

made such a large score possible.

Besides being captain, Wade is of "Fishways have also been built, two Spanish Fork river and one in the litrace at Provo, for the protection trout. They have proved very sucssful, Respectfully submitted, "O A SLADY."

Wade bears the voice of the best players on the team and the oldest in experience. This is his fourth year as quarterback, and he has proved himself the best quarterback that ever gave a signal on a Utah team.

Wade bears the voice of the pumps of the provided signal of the provided signal of the pumps of the pump of the pumps of the best players on the team and the Wade bears the unique distinction of

being the only man who has served the Varsity as captain for two consecutive astrous season it was decided by every one at the U. of U. that "Jimmy" was best man to lead the reorganization Varsity football. How well he has led the team this year is known by all. Arrangements for the debate between Wade is not only a star on the gridiron, but he is the champion mile runner of the western colleges. The best men in Colorado and Nevada have competed against him in the track meets and "Jimmy" has always brought home the five points for his team.

this will be the second of the series of debates arranged between the two schools. Idaho came here last year and was defeated. It was arranged for Idaho to come to Salt Lake again this year, the first property of taking the Utah team there. However, this year's management has reconsidered the plan and has expressed a desire to take the Utah team there this betting rife has a sequested, and so a question for debate will be sent immediately from Idaho.

Utah's going to Idaho this year leaves her without a debate at home, since the team also goes to Colorado Spirings to the team a

New York, Nov. 21.—Spike Robinson of London, an English featherweight, fought nine rounds this afternoon with Joe Adler, the Ghetto featherweight of South Brooklyn, in the rear of a saloon near Twenty-ninth street, on the west side. Robinson knocked Adler out in the ninth round, breaking his nose and leaving him in such a state that it took ten minutes to bring him to consciousness. Nearly a hundred men prominent in the world of sport were present.

On Oct. 28 last Danny Duane, a local lightweight, was scheduled to fight Jack Lovejoy to a finish in private. Lovejoy did not appear, and Robinson, it is said, took his place. He was knocked out. One of his critics at the ringside was Adler, it is claimed by those familiar with the matter. Robinson m.t. Adler today, and as a result of their conversation friends arranged a meeting in the ring, which took place several hours leter.

Those who witnessed the match say it The Weber county Republican committee held a meeting last evening at which they decided to make the school election which is to take place next month a partisan affair. They decided to hold their primaries in each of the five city wards for the purpose of selecting candidates, on the evening of Nov. 28, at the usual political meeting places.

This action on the part of the Republican central committee will make it necessary for the Democrats to select candidates, and the matter of selecting school trustees for Ogden will be merged into the political arena for the future, which will be regretted by most of the taxpayers and citizens.

FRED GREEN WAS NO MATCH FOR M'CARTHY Spokane. Nov. 21.—The fight between Jerry McCarthy of Montana and Fred Green of Spokane, under the auspices of the Spokane Amateur Athletic club, was won easily by McCarthy in the third round, when Raferee Eddle Quinn stepped in and stopped the battle.

Green had been floored twice and was almost exhausted. The interference of the referee was generally approved. Green weighed less than the required 141 pounds. McCarthy was over weight and refused to step on the scales. Instead he made a forfelt for weight,

Captain Curran kicked a field goal from placement from the thirty-five-yard line. This and three touchdowns, made by Gridley, Sullivan and McEyoy, were the extent of the scoring.

The college team paid particular attention to defensive work and showed much improvement in this already good feature. Chaffin and Bero, the alumni tackles, made lots of trouble by breaking through the line and stirring up plays before they got started. Savage and Denhalter carried the hair well on the end runs, and Spicer and Gridley did the line hitting. The line-up was:

The All Hallows college has a game arranged with the strong Provo team, to be played at Provo on Thanksgiving day. The Provo team is much heavier than the collegians and has done good work this year. A coupleof weeks ago it defeated the Oregon Short Line team by a score of 50 to 0.

The All Hallows hope to make a better showing than this and will take down a large crowd of rooters and the college hand to help them out. It is to be hoped that Gridley, who hurt his shoulder in the Alumni contest, will be in shape for this game, as he is one of the atrongest men on the college line-up.
